

# LIST OF CORRECTIONS

This publication has been prepared primarily by assembling and binding the maps and tabular materials originally issued in the separate PC(1)-A, B, C, and D final reports for the State. This plan was adopted in order to conserve public funds. The corrections listed below represent changes which would ordinarily have been made if this publication had been prepared by reprinting these maps and tabular materials. Those items with an asterisk (\*) consist of

errors which affect not only the specific figure(s) mentioned but also affect other data in this publication. Among the other data which might be involved are the statistics for a larger area of which the particular area is part and the statistics by such classifications as urban-rural residence and size of place. The user can, of course, carry through these types of changes if he thinks them worthwhile.

## Page 3, Map

Johnson County, map location C-13: Name and symbol for Prairie Village city not shown.

## Page 7, Map

Kingman County, map location E-7: Minnescah township shown as Minnescah.

## Page 15, table 6

Change map reference for Linn County from D-1 to D-12.

## Pages 19 and 24, table 7

Kingman County: Minnescah township shown as Minnescah.

## Page 29, table 10

Delete part of footnote 6 which reads "not included in area in 1960"; add "These parts included in annexations to Topeka city since 1950."

## Pages 48, 59, and 141, tables 19, 21, and 28\*

The number of inmates in table 21 shown for Kansas City excludes approximately 116 persons who were misclassified as "other" persons in group quarters. This misclassification also affects the corresponding number for Wyandotte County and for the State, shown in tables 28 and 19, respectively.

## Pages 190, 191, 216-218, and 266-274, tables 65, 76, and 86

The stub line "Husband-wife families, one earner, two children under 18 years" should read "Husband-wife families, head an earner, two children under 18."

## Page 303, table C-2

The nonresponse rates for "Birth date, decade unknown" erroneously exclude nonresponses for group quarters members other than inmates.

## Pages 304 and 306, tables C-2 and C-3

Delete "None" at end of tables. Nonresponse allocation rates for family income are somewhat overstated; for a detailed discussion, see text, p. XLII.

## Pages 390-409, tables 122 to 124

On each page showing Male, Operatives and kindred workers, the line reading "Furnacemen, smelters, and heaters" should be changed to "Furnacemen, smeltermen, and pourers."

## Page 462, table D-1

The following explanatory footnote should be keyed to the line for "Not reported" in the section on "Relationship":

Limited to persons who were allocated to the categories "Wife of head," "Other relative of head," or "Nonrelative of head."

## Page 462, table D-1

The category "Not reported in decade or year" under "Age" erroneously excludes non-responses on decade of birth for group quarters members other than inmates.
